

5th India Logistics Strategy Summit & Awards

13th May 2023 | The Lalit, Mumbai

5TH ILSS 2023

The India Logistics Strategy Summit saw more than 300 leaders from the 3PL, freight forwarding, Warehousing, Industrial Spaces, MHE, and technology providers and users of these services meet and exchange ideas, understand the emerging service landscape and evaluate their strategies to create a sustainable, reliable, resilient, and responsive logistics ecosystem.

Logistics companies - both transportation and warehousing - continue to be challenged by disruptions all across the chain. At ILSS, Practise Leaders helped the participants to align with the future trajectory of Transportation and Warehousing.

The event ended with the 5th India Logistics & Warehousing Excellence Awards where 100 of India's best and brightest logistics professionals and companies were felicitated.

Theme Address: What is your logistics strategy?

Where does it sit in the supply chain?

Dr. Rakesh Singh: Chairman, ISCM

Dr. Rakesh Singh, Chairman ISCM kicked off the Summit with a bird's eye view of the logistics scenario in India. India has climbed to the 38th spot in the Logistics Performance Index – a creditable achievement in itself. Yet the industry continues to be largely in the unorganized sector. Today, the challenge before companies is to transform this unstructured format and evolve a structured thinking on the future of Logistics.

CEO Dialog - Transforming Logistics – Driving Change with Clarity. What are the challenges and opportunities? What is the Way Forward?

Dr. Rakesh Singh: Chairman, ISCM
Ajit Jangle: MD, FM Logistic India
Manoj Singh: Senior Vice President & Head Cargo & Express, Mumbai International Airport Pvt. Ltd Adani Airports
Anoop Chauhan: CEO (Contract Logistics & Cold Chain Solutions), DP World
Aloke Bhuniya: CEO, India Logistics, Ascendas Firstspace
Dr. Sharmila H. Amin: Managing Director South Asia India, Bertling Logistics India Pvt. Ltd.

Indian logistics is at cusp of change. The change comes from all the angles. The CEO dialog deliberated on the changes in India's logistics policy and infrastructure and how CEO's are decoding and recoding their strategy in light of these positive changes. The discussions covered how India logistics infrastructure has significantly build networks for the right use of the right mode, build enablers to take advantage of these networks.

CSCO Chat - Reinventing Logistics for Competitive Advantage – Strategic Perspectives on How to Unlock the Potential of Logistics

Girish VS : Director, ISCM
Animesh Gupta: President and Group Chief Logistics Officer, Jindal Steel & Power Ltd.
Mayank Pandey: Wholetime Director Supply chain, Castrol India
Rajeev Mehta: Senior President and CLO, UltraTech Cement
Sandeep Kulkarni: Chief Supply Chain Officer, Tata CLiQ
Vipul Aggarwal: Executive Vice President - Supply Chain, Polycab India Limited
Anand Mimani: CEO, GreenLine

From competing on products to competing on supply chains – companies are now charting a new path. In a world riven with disruptions, logistics leaders are reimagining their networks – moving from a cost to a profitability driver.

A Fresh Approach to Logistics Planning - How to Balance short, Medium, and long - term planning by integrating external data.

Dr. Rakesh Singh: Chairman, ISCM
Sunit Mukherji: Head Supply Chain and Manufacturing Operations (Lubricants), Shell India Markets Pvt Ltd
Arun Salvi: Head Supply Chain PetChem, Reliance Industries Limited
Ajay Singh: Vice President - Supply Chain Management, Hindustan Platinum
Sukanta Pandit: Head of Logistics – Road & Projects (AVP) – Hindalco Industries Ltd. (Aditya Birla Group)
Yogesh Jadhav: Director of Logistics, Tata Unistore Ltd.
Dr. Rakesh Sinha: Founder & CEO, Reflexive Supply Chain Solutions
Punit Modi: Integrated Planning & Commercialization Director, Mondelez International
Kartik Iyer: Vice President, Head of Supply Chain & Former Head of Procurement Total Energies

Logistics planning is an important part of the end to end supply chain synchronization and harmonization to meet the challenges imposed by unprecedented uncertainty around us. Logistics Planning should take inputs from the business strategy, such as most reliable, most flexible, fastest delivery, biggest assortment, freshest produce. Strategy feeds into the entire design of logistics network, policies, processes and practices. For Short and Medium term, logistics planning should take inputs from supply network.
